M My Profile

I'm a UI/UX Designer & Developer with 5+ Years of experience. I worked in different Front-End Technologies like HTML5, CSS3, Javascript, Bootstrap, Bulma CSS Framework, jQuery, React for developing a website for the various domain (Educational Institutes, Hospitals, Startup Companies, Shopping Cart). Also having hands-on experience in Back-End Technologies like PHP, MySQL.

Gathered requirements, designed and implemented end to end solutions both within the team and stand alone. Experience in Cross Browser development & CSS tricks. Worked on Mobile App UI using Figma & Proto.io prototype tool. Worked on various Web Application which is responsive for Web, Mobile & Tablet Screens. I coordinate multiple projects/schedules and work closely with developers. Created HTML email templates & newsletters for e-mail marketing campaigns.

Enjoy developing new skills and techniques to advance my career.

W Work Experience

UI/UX Designer & Developer
Finitiatives Learning India Pvt. Ltd. | www.learnwithflip.com
February 2016 - March 2019 (3 Year 2 month)

As UI/UX Designer & Developer, I used to create various web pages. Designed and managed India's largest e-learning website learnwithflip.com. Currently working as a core member of Learnwithflip IT team. I worked on Mobile App (FLIP Learning App) UI prototype using Figma & Proto.io.

UI Designer & Web Developer
Native Sparrow Software Solution LLP | www.nativesparrow.com
October 2013 - November 2015 (2 Year 2 months)

As UI Designer & Web Developer, responsible to deliver the project on time with handling a small team based on project requirement. Worked as Team Lead (Team Size: 4) for service projects. Handling clients directly for UI approval & requirements details. Worked on Online Shopping Cart projects stand alone.
